

Working Group would sponsor a conference to develop curricula that may be used in schools and libraries to educate the public about intellectual property rights in the NII environment. The draft further stated that anyone who wished to participate in the conference should request to do so by sending a request to Terri A. Southwick by July 25, 1994. The participants have been chosen and notified. Every effort was made to ensure that a wide diversity of interests will be represented at the conference. All meetings will be open to the public. Information on subsequent meetings may be obtained by calling Alan Wright at (703) 305-9300.

DATES: The first meeting of the Copyright Awareness Campaign, will be held in Washington, DC, on Tuesday, March 21, 1995. It will begin at 2 p.m. and last until 5 p.m.

ADDRESSES: The first meeting will be held at the U.S. Department of Education, 600 Independence Avenue, SW., Washington, DC, in the Barnard Auditorium.

SUPPLEMENTARY INFORMATION: The Working Group on Intellectual Property Rights, chaired by Assistant Secretary of Commerce and Commissioner of Patents and Trademarks Bruce A. Lehman, was established as part of the White House Information Infrastructure Task Force. The Task Force, chaired by Secretary of Commerce Ronald H. Brown, was created to work with Congress and the private sector to develop comprehensive telecommunications and information policies aimed at articulating and implementing the Administration's vision for the National Information Infrastructure (NII).

The Working Group's concern for improved public education regarding intellectual property rights in the NII environment was expressed in the preliminary draft of its report. The Copyright Awareness Campaign will bring together public and private educators, representing all levels of elementary, secondary, and post-secondary education, as well as copyright owners and users to formulate public awareness strategies and develop model curricula regarding the use of protected intellectual property on the NII. In addition to developing substantive curricula, the campaign will also explore how best to disseminate such curricula. The ultimate goal of the campaign is to identify the intellectual

property issues that the public must be aware of in the NII environment, and to determine the methods by which such information may be disseminated to the public. The campaign is not intended to be a forum for further elaboration on the issue of educational fair use, which is currently under discussion in the Conference on Fair Use that began last September. The campaign is concerned with educating the public on the importance of respecting intellectual property rights generally, with a particular focus on the NII environment.

Dated: March 3, 1995.

Bruce A. Lehman,

Assistant Secretary of Commerce and Commissioner of Patents and Trademarks.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning Prompt Payment.

FOR FURTHER INFORMATION CONTACT: Beverly Fayson, Office of Federal Acquisition Policy, GSA (202) 501-4755.

SUPPLEMENTARY INFORMATION:

A. Purpose

Part 32 of the Federal Acquisition Regulation (FAR) and the clause at FAR 52.232-5, Payments Under Fixed-Price Construction Contracts, require that contractors under fixed-price construction contracts certify, for every progress payment request, that payments to subcontractors/suppliers have been made from previous payments received under the contract and timely payments will be made from the proceeds of the payment covered by the certification, and that this payment request does not include any amount which the contractor intends to withhold from a subcontractor/supplier. Part 32 of the FAR and the clause at 52.232-27, Prompt Payment for Construction Contracts, further require that contractors on construction contracts:

- (a) Notify subcontractors/suppliers of any amounts to be withheld and furnish a copy of the notification to the contracting officer;

- (b) Pay interest to subcontractors/suppliers if payment is not made by 7 days after receipt of payment from the Government or within 7 days after correction of previously identified deficiencies;

- (c) Pay interest to the Government if amounts are withheld from subcontractors/suppliers after the Government has paid the contractor the amounts subsequently withheld, or if the Government has inadvertently paid the contractor for nonconforming performance; and

- (d) Include a payment clause in each subcontract which obligates the contractor to pay the subcontractor for satisfactory performance under its subcontract not later than 7 days after such amounts are paid to the contractor, include an interest penalty clause which obligates the contractor to pay the subcontractor an interest penalty if payments are not made in a timely manner, and include a clause requiring each subcontractor to include these clauses in each of its subcontracts and to require each of its subcontractors to include similar clauses in their subcontracts.

These requirements are imposed by Pub. L. 100-496, the Prompt Payment Act Amendments of 1988.

Contracting officers will be notified if the contractor withholds amounts from subcontractors/suppliers after the Government has already paid the contractor the amounts withheld. The contracting officer must then charge the contractor interest on the amounts withheld from subcontractors/suppliers. Federal agencies could not comply with the requirements of the law if this information were not collected.
